

Dental Sealants at School

Dear Parent,

Your child can get **free** dental sealants without leaving school. This program is for 2nd graders with a potential follow up in 3rd grade. This program helps stop tooth decay. Only a licensed dental professional will examine your child's teeth. No x-rays will be taken. Only a licensed dental professional will decide which back teeth need to be sealed. Those teeth will be coated with a plastic sealant. Sealants seal out food and bacteria which cause decay. Sealants are safe, painless, and simple to apply and stops cavities! Please fill out this form **today**. Your child must return this form to his/her teacher. If you have any questions, please call 813-373-8665.

1. Does your child have asthma? Yes No

2. Does your child have any serious illnesses? Yes No

If yes, please explain _____

3. Do you have a family dentist? Yes No

Dentist's name _____

I, authorize Tampa Family Health Centers, Inc. or Suncoast Community Health Centers, Inc., to provide dental care to my child at school. This dental care may include: dental exams, sealants, and fluoride, and a potential follow up visit in 3rd grade for sealant retention and sealant replacement. On behalf of myself and/or the patient, I authorize the dental providers to receive payment from any insurance or other third party payer that covers the services provided to this patient. Services will be provided to all children at no cost to the parent. The services being offered are not a substitute for a comprehensive dental examination by a dentist. The diagnosis of caries, soft tissue disease, oral cancer, temporomandibular joint disease (TMJ), and dentofacial malocclusions will be completed only by a dentist in the context of delivering a comprehensive dental exam. Please have your child get a regular dental checkup.

Signature of parent or guardian to verify the above information is true and correct.
